

by the Great Depression, marriage to Richard Mathews, raising their three sons, and a long career as a secretary, she graduated from Oregon State at age 63.

Dot moved back to Port Orford in 1992 where she quickly became involved in the community. She was a member of the Sunset Garden Club, St. Christopher's Episcopal Church, the League of Women Voters, and the Port Orford Library. It was Dot, along with Librarian Bonnie Wagner and volunteer Ray Johnson who kept alive the idea of a big new library. She served on the Library District Board and the Foundation Board for many years. Those who have been treated to a Dot Mathews smile will smile with her as she celebrates 100 years with cake and visitors at Harmony Estates in Bandon. Happy Birthday Dot Mathews from a grateful community.

**TONIGHT! (WEDNESDAY)
LANGLOIS LIBRARY**

London to Paris via the Channel Islands: An Interesting Langlois event by Deanna McDermott, Wednesday, January 25th, at 6 pm at the Langlois Public Library.

This London to Paris travelogue promises to be an engaging evening with an emphasis on the Channel Islands. The travel included southern England, Normandy and then on to the City of Light.

Sandie McDonald will provide a highlight of the program by offering samples of "Potato Peel Pie" using the recipe from the best-seller: The Guernsey Literary and Potato Peel Pie Society (Shaffer & Barrows). The book is essentially about the German occupation during WWII and what the Islanders experienced and is well worth the read. In addition, the Islands' trademark preserve, Black Butter, will be available for tasting.

For more information, call the Langlois Public Library at 541-348-2066.

**COAST COMMUNITY
HEALTH INVITES YOU!**

Please join us at a **COMMUNITY MEETING** in Port Orford, **January 26th, 2-5pm at Port Orford Library.** Light refreshments will be served.

In 2016, our team worked diligently to secure property and begin the development and design process of our new facility. We are now ready to launch our design and the programs planned with our new friends in throughout North Curry County.

We will take this opportunity to share exciting details about the development of our

COMMUNITY HEALTH & WELLNESS CENTER planned for later in 2017, along with our friends from the Oregon Community Foundation.

North Curry County community members will be welcomed to provide feedback and offer suggestions about our proposed facility, and the services and programs to be offered.

Please join us, and bring a friend to hear some exciting announcements. For more information about Coast Community Health Center, go to www.coastcommunityhealth.org.

MOVIE SAN ANDREAS

COOS BAY, OR – The geology lecture series at Southwestern teams up with the Egyptian Theatre in Coos Bay to present a free showing of the movie **San Andreas** starring Dwayne "The Rock" Johnson as part of the Science on Screen series at 2:00 pm on Sunday, January 29, 2017 at the Egyptian Theatre, Coos Bay.

Prior to the movie, Dr. Ron Metzger (Professor of Geology at Southwestern) will make a short presentation on "The Good, The Bad and The Ugly: The Science of the Movie *San Andreas* and Cascadia". The benefit of using the film *San Andreas* is that while the circumstances and scale of events in the movie are not applicable to the San Andreas Fault, aspects are more applicable to the Cascadia Subduction Zone which will directly affect the geographic region where the movie is being shown. Following the free showing of the movie, there will be an opportunity for a question and answer session with Professor Metzger.

The Southwestern Geology Department has been hosting a
