

Earning their badges

MAY 14, 2015 7:00 AM

Bandon Boy Scout Troop No. 313 members learn what to do if they find someone unconscious, as well as how to use an automated external defibrillator from Dr. Hank Holmes of Coast Community Health Center.

The boys are working on badges with the goal of attaining their Eagle Scout award and Dr. Holmes, who is an Eagle Scout, volunteered to help them with their First Aid badge.

"He's giving back and doing a good turn daily,"

said Jennifer Schulz, a troop helper.

The scout master is Chris Butler, with Jim Proehl as assistant scout master. Pictured, from left, Dr. Holmes, Timmy Merriam (on ground), Jared Duval, Collier Green, Alexander Schulz, Skyler Hammons and Ethan Butler.
